Guardian Roof Guarantee

We guarantee the Guardian Warm Roof for a period of 10 years against:

- Leakage or condensation due to substandard fitting or degradation of Guardian Warm Roof constituent parts.
- Structural default resulting in collapse, degradation or instability of the Guardian Warm Roof.
- Collateral damage caused by carelessness or accidental damage caused during installation of the Guardian Warm Roof.
- Damage caused to main residence during installation and subsequent to installation of the Guardian Warm Roof.

We do not accept responsibility for the following:

- Damage caused by customer or third party which alters, or effects change in the structure or aesthetic nature of the Guardian Warm Roof i.e. installation of Satellite Dishes, Solar or Photovoltaic Panels, Awnings, or any device which necessitates the fixing of brackets or appendages to the Guardian Warm Roof.
- Cracks in plastered ceiling finish, caused by natural settlement movement in the Guardian Warm Roof. We recommend that a period of at least 4 weeks is observed after installation, before painting is undertaken.
- Leaks, condensation or damage caused by water penetration through doors, windows or other substrates not fitted by K&K Windows and not affected by the installation of the Guardian Warm Roof.
- Extraordinary event or circumstances beyond the control of K&K Windows Ltd. An event described by the legal term “Act of God” such as Hurricane, Flooding, Earthquakes, Volcanic Eruption etc. prevents K&K Windows from fulfilling their obligations under the contract.
